

Instructions for Hop Bingo

- 1. Fill in your bingo card by choosing from the descriptors listed below.
- 2. Listen to a "hop-centric" ABV Chicago podcast episode.
- 3. Mark your squares when we use your chosen words to describe the taste, mouthfeel, or aroma of the beers on the show.

To win: If you have a BINGO before we do rankings, reward yourself with a special occasion beer! If your card has no BINGO by the time we get to rankings, drink a punishment beer. Or drink no beers, because that sucks too.
